

Golden Iris Festival

Food Vendors Brief Saturday 7th October 2017

Background - Concerned by the death of two of their peers and friends in recent years and the increasing challenges they see around mental health a group of Year 10 students from KEVICC (the local school) have worked to create the blue print for the Golden Iris Festival. The Festival aims to encourage Totnes to come together as a community, and to show off the talents we all have. The project is aiming to reconnect people, and with the activities for young people limited, the young people themselves want to stop complaining and bring about some change.

Supported by Totnes Community Development Society, (a not for profit industrial and provident society in Totnes, South Devon), the festival has been designed to provide a space for the local talent to flourish and challenge perceptions about young people in Totnes. We would like the run up to the event and the festival itself to raise the profile of young people and their urgent need for voice and activity within the community.

If successful it is hoped that the Golden Iris Festival will become a regular feature of the local calendar. This year it will open with a circus themed fashion show on Friday 6th of October followed by a day of workshops, music, dance and inspirational talks and debates on Saturday 7th. The capacity for this event is 1,500. Through the Festival, this year and into the future, the aim is to raise money for projects in the local community and globally, particularly around mental health and inclusion.
